

USING A REVERSE TO GET TO SLAM

You are sitting South with this hand:

South
 ♠ AK76
 ♥ Q
 ♦ AKJ8
 ♣ A983

This hand holds 21 HCP, but you can deduct a point for the dubious ♥Q. This distribution, 4-4-4-1, is called a rattlesnake distribution. It is particularly hard to represent – particularly when very strong. Most will open a minor and hope to show the distribution in later rounds. With so many points, there is some danger of partner passing, so it's usually best to start with 1♣. This gives partner more incentive to scrape together a bid. Another reason to open 1♣ is that you can rebid 2♦ on the next round. This is called a reverse bid. Any bid at the 2-level that requires partner to go to the 3-level to get back to your first suit is a reverse, and therefore, requires a stronger hand to make the bid. The strength requirement for a reverse bid is 17 or more points.

When you rebid 2♦, partner knows you have a big hand. Your reverse bid is also forcing for one more round. Here is the way the bidding could progress:

West	North	East	South
	Pass	Pass	1♣
Pass	1NT	Pass	2♦
Pass	3♣	Pass	3♥
Pass	4♣	Pass	4NT
Pass	5♦	Pass	6♣
All Pass			

North's bids of 3♣ and 4♣ show good support of clubs and are mildly slam invitational. His bid of 5♦ is a key card blackwood response and shows one key card; either the ♦A or the ♣K. These bids should be enough to convince you that a slam in clubs is more than an even bet.

East leads the ♠2 and you see this dummy:

	North
Vul: N/S	♠ Q104 ♥ A53 ♦ 104 ♣ QJ1042
West ♠2	South ♠ AK76 ♥ Q ♦ AKJ8 ♣ A983

West made a passive lead of the ♠ 2. I like to count winners as well as losers in a suit slam contracts. Since the dummy has a longer trump suit, I reverse the dummy and count losers in the North hand. I have no spade losers, 2 heart losers, no diamond losers and a possible club loser. I plan to ruff the two heart losers in the dummy before I pull all the trump.

Counting winners; I have 3 spades, 1 heart, 2 diamonds and 4 or 5 clubs. If I lose the club finesse, I only have 10 tricks. Again, I need two heart ruffs to make the required 12 tricks.

I will win the lead in my hand and play up to the ♥ A and ruff a heart. I will lead another spade to dummy's ♠ Q and ruff another heart. Then I will play off the top diamonds and ruff a diamond in order to take the club finesse through East. This loses to West's ♣ K, but I will win his spade return and claim.

Here is the entire deal:

<div style="border: 1px solid black; padding: 2px; display: inline-block;">D</div> <div style="border: 1px solid black; padding: 2px; display: inline-block; width: 20px; height: 20px; text-align: center; line-height: 20px;">1</div>		N North ♠ Q104 ♥ A53 ♦ 104 ♣ QJ1042	<table border="1"> <tr><td>W</td><td>N</td><td>E</td><td>S</td></tr> <tr><td>P</td><td>P</td><td>P</td><td>1♣</td></tr> <tr><td>P</td><td>1NT</td><td>P</td><td>2♦</td></tr> <tr><td>P</td><td>3♣</td><td>P</td><td>3♥</td></tr> <tr><td>P</td><td>4♣</td><td>P</td><td>4NT</td></tr> <tr><td>P</td><td>5♦</td><td>P</td><td>6♣</td></tr> </table>	W	N	E	S	P	P	P	1♣	P	1NT	P	2♦	P	3♣	P	3♥	P	4♣	P	4NT	P	5♦	P	6♣
